The screenshot displays the AZENTIO system interface. The top navigation bar includes the AZENTIO logo, user information (User: VIMAL, Company: SPM, 31 August 2023), and various utility links (Inbox, Full Screen, Options, Advanced Options, Switch View, Home, Log Out, Help). A language selector is also present.

The left sidebar shows the 'Menu Options' with a tree structure: Parameters (Settings, Profile Management, Business Profile, Sub Profile, User Management, OTP Request, Channels and Services Settings, Authentication Matrix, ATM & Branches, Limits Management, Integration Settings, Multi-Approve), Process, and Reports. The 'Business Profile' option is currently selected.

The main content area is titled 'Parameters / Profile Management / Business Profile'. It features a table of business profiles with columns for 'code', 'Business Profiles', and 'Status'. The table contains five rows of data, with the first row showing 'code' 1, 'BASIC', and 'Approved'. A 'Loading...' button is visible in the table area.

Below the table, there is a 'Business Profile' form. It includes fields for 'Profile Name *' and 'Brief Description *', each with a 'Language' dropdown. There is also an 'Allowed Features' section with an 'Applications *' dropdown and an 'Allowed System Features' section with a 'Root' button.

At the bottom, there is a 'Limits' table with columns: Code, Description, Selected, Application, and Actions. The table is currently empty, with a message 'No records to view' at the bottom right.

The footer of the interface contains the copyright notice 'Copyright©2023 Azentio ©All Rights Reserved', the version 'AML Omni Channel Admin 3.4.0.0 Build 2598', and the text 'Powered By'.
